THE OATH OF COMMITMENT

As I begin my studies at the West Virginia School of Osteopathic Medicine, I commit myself to a life of learning, compassion and service, seeking always to contribute to the human and scientific accomplishments of medicine.

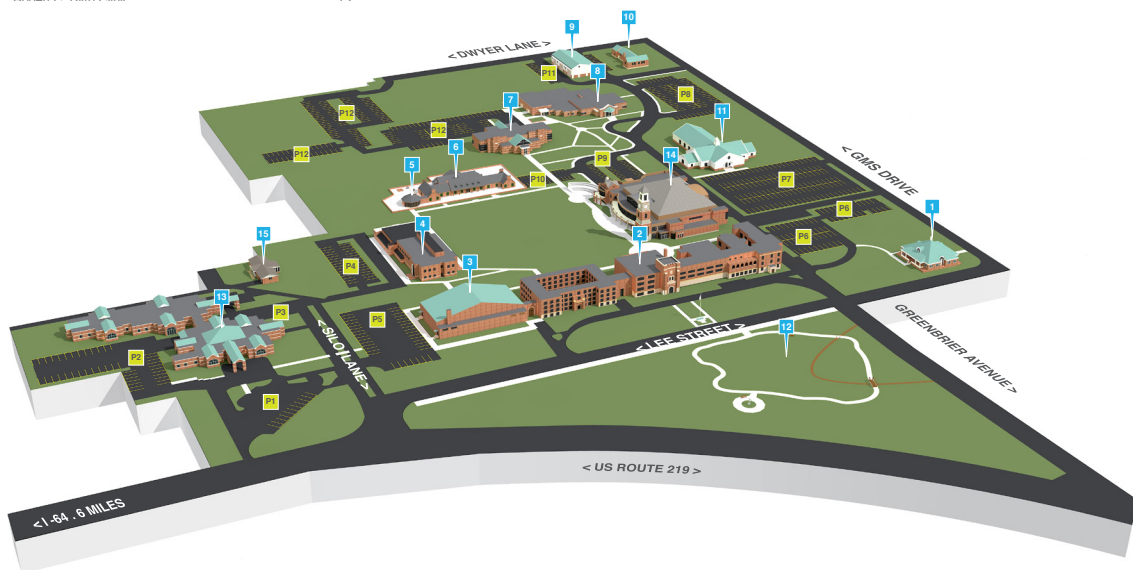

I will accept the responsibilities and privileges accorded a student physician with humility, fostering the trust and respect of my teachers, colleagues and patients.

I will address ethical and moral issues openly and honestly, no matter how difficult they may be. In all things, I will conduct myself with the utmost personal and professional integrity, knowing that I will be looked to for leadership in the community.

I understand that healing involves the body, mind and spirit, and I will continually strive to become a physician who integrates all aspects of a patient's life into their care.

I commit to a life of growth, to always expand my knowledge and to strengthen my understanding of human health and behavior.
