As specified by the funding agency, the award will pay at least one half of the established WVSOM annual cost of tuition up to a maximum of $30,000 per year, per student for reasonable educational and living expenses. Federal guidelines are used to formulate these budgets. Both in-state and out-of-state students will receive awards.

Scholarships are granted on a year-to-year basis, with the possibility of continued support if a) WVSOM receives continued federal funding for this program, and b) the student fulfills requirements for continuation, including participation in program activities designed to enhance retention.
